### Holy Thursday Ushers In Easter Season

#### Waste Basket Paper Needed

Even trash basket accumulations are needed for the waste paper drive, according to an appeal issued this week by Harry I. Emmons, chairman of the local salvage committee, in connection with a drive to be held here on April 16. "The outdoor incinerator and office building incinerator are out for the duration," he stated—which won't displease the fire department, since no outside fires are allowed in April and May anyway.

The statement follows:

### SLATTERY CLASS PLAY NEXT FRIDAY EVENING

Rehearsals for the Margaret Slattery class production, "Sister Susie Swings It," have been stepped up and there is a faster tempo characterizing the organization as it swings into the last ten days of preparation. Miss Alice M. Bell, class leader, is the dramatic coach.

### Paper Drive

(Continued from Page 1)

pressed upon each individual in our community. The acute shortage of waste paper in the nation's pulp mill storehouses threatens a catastrophe of huge proportions unless everyone does his or her part to relieve the situation. Not only must we save newspapers, magazines and cardboard containers, but we must stop burning the trash basket accumulations that gather in the business office and in the home. The outdoor incinerator and office building incinerator are out for the duration as far as burning any paper is concerned.

"Schools, business employees and housewives must save these accumulations of scrap paper, stuff them in a paper bag or cardboard box and turn them in when the salvage committee makes its monthly paper collections.

"Andover townspeople have come forward splendidly to meet the appeal for waste paper and have already turned in over 100 tons. It has been an excellent example of community cooperation. Now we are asked by the War Production Board to do even more in a nationwide effort to keep our paper-making plants running on full schedules. Paper is a vital product in this global war we are fighting and the situation at the present time is extremely critical.

"Andover's next paper collection will be held the Sunday after Easter, on April 16. Watch your newspaper for further details."

## War Veteran in Charge Of State Guard Drill

At the regular drill period held Sunday, Private Vera, a veteran of the present war, was in charge of the Company for close order drill. During the latter part of the morn- ing three squads were sent out on reconnaissance patrols. Travelling by different roads, the three parties converged at the same point, from which the Company marched back to the Case Memorial Cage. On Sunday target shooting was en- joyed by a number of men, includ- ing Lieutenants G. Clifford Emmons and Kenneth S. Minard.

There will be no drill on Easter Sunday. The following Sunday, April 1, the Company is to assem- ble at the Police Station at 10 a. m., to attend church services. The uniform of the day will be dress greens with cartridge belts, leg- gings, but without packs, canteens, or steel helmets.

## ABBOT ACADEMY NOTES

There will be no program at the school on Saturday night. Rever- end A. Graham Baldwin, of Phillips Academy, will speak at the Easter vesper service on Sunday at 7:30, when friends of the school are cor- dially invited to be present.

Miss Hearsey announced at chap- el Tuesday morning the results of the campaign for funds for the Red Cross drive. Abbot's total contribu- tion in 1943 was \$674, and, along with everyone else in Andover, the members of that group were asked to increase their gifts 10%. The Abbot Christian Association under- took the collection among the stu- dents and the total amount contrib- uted by students, faculty and em- ployed staff is \$881.15, or about 30% more than last year. The 1944 goal was \$750.

On Thursday, April 13, a demon- stration of the winter indoor pro- gram of the Department of Physical Education will be given in David Hall. Gymnastics, tumbling, and modern dance will be featured, un- der the supervision of Miss Mary Carpenter, Director, and Miss Ruth Elved, assistant. Friends of the school are invited to attend at 3:00 o'clock.

## EIGHTY-FIRST BIRTHDAY

Mrs. Roscoe Cole celebrated her eighty-first birthday on Monday. A family supper party was held on Sunday evening at the home of her son, Arthur Cole of High street. Mrs. Cole received numerous cards and gifts of flowers and money. She also received a telephone call from her daughter, Mrs. Charles Smith of Philadelphia. Those present were Mrs. Ada Brown, Mr. and Mrs. Ed- ward Bradford, Mr. and Mrs. Ralph Cole of Methuen, Mr. and Mrs. Ar- thur Lewis, Marilyn and Barbara, and Mr. and Mrs. Cole and Con- stance.

# NEWS OF OUR MEN *and* WOMEN IN UNIFORM

The Servicemen's Page is prepared by the Townsman editors with the active assistance of the Servicemen's Fund Association.

The Townsman is sent each week, free of charge, to every local serviceman by the Merrimack Mutual Fire Insurance Company. We shall appreciate receiving up-to-the-minute addresses for all Andover men and women in service, in order that our mailing list may be kept accurate.

Lieutenant-Commander Allan Edmonds and Lieutenant John Edmonds pictured at Long Beach, Calif., on Christmas Day. Their mother, Mrs. Mary C. Edmonds, has returned to Andover after spending some time in California. Both boys have seen plenty of action in the Pacific.

Pfc Jimmy Stevens from Morris Field, N. C., sends along words of praise for the job the girls are doing in this war, for the B-25 which Barney O'Neill thinks so much of, for the birthday card the Servicemen's Fund association is sending to the boys and girls in service, and for the Townsman's editorials. He says: "I can't honestly say that a new town house is a wise thing right now, although it would no doubt beautify an already beautiful New England town. The present town hall, although old, seems to me to be plenty serviceable for some time to come."

Seaman 2/c Douglas Dunbar completed his recruit training yesterday at the naval training station at Sampson, N. Y. He has been granted a leave.

## Games Needed At South Pacific Bases

There are a lot of fellows, maybe some Andover boys, at bases somewhere in the South Pacific, who would very much appreciate receiving games and sports equipment.

The Andover Camp and Hospital committee has received an urgent appeal from a chaplain in the South Pacific asking that anyone who has such games as checkers, chess, etc., donate them to the service men. Anyone who can help out in this way should telephone Mrs. James K. Selden. Dice seem to be especially desired, the chaplain reports — probably for parcheesi.

More and more of the boys are writing to ask us to hold up on sending the Townsman until they get to whatever foreign land they expect to be shipping out to—we'll hear from them later, and so will Adolf and Tojo.

"Andover would be heaven." That's the sentiment of Sgt. Joe Sheehy, who V-mails us from somewhere. "Here's hoping the old town still looks the same. Anywhere would be an improvement on where we are."

Fred Graves has another new address. Somewhere in a foreign port he writes that he's had three address changes in the last two months. As of November he was promoted to storekeeper third class.

Charlie Ware has gone from the rain and mud of maneuvers in Tennessee to the snow of Fort McCoy in Wisconsin. He had two months in the south, and during that time he went up to Technician fifth grade.

Pfc Frank N. Patterson of 20 Burnham road, who is a driver in the 100th Division at Fort Bragg, N. C., has been awarded the motor vehicle driver's silver badge for having performed his duties with a rating of excellent and without traffic violations or accidents. The award, made only to selected men in the field, was issued to only 35 percent of the Division's assigned drivers. To receive the badge, men must have been not only outstanding drivers, but must have also demonstrated consistent care of their vehicles.

A. R. Catanzaro sends along a postal card showing a view of Anzio. He "imagines this city looked swell before the war." And he hopes to see "Old Andover" in the near future.

More address changes: A/C George O. Putnam from Corsicana, Texas, to Pampa, Texas; Howard Olds from Fort Eustis, Va., to Fort George Meade, Md.; Cpl. J. W. Bonner, from Camp Swift, Texas, to an A. P. O., N. Y.; Pvt. Phil Winters from Fort Eustis to Camp Davis, N. C.; Pvt. Paul Weamer from Ithaca, N. Y., to an APO at Shreveport, La.; George Nangle from an APO at Camp Phillips, Kansas, to a New York APO; Sgt. Daniel Bourassa, from Seattle, to an APO at Minneapolis; Cpl. John Cronin from Camp Forrest, Tenn., to Fort Oglethorpe, Ga.; Pvt. John Reidy, from Nashville to an APO at Camp Atterbury, Ind. Pfc. Weston Eastman from Camp Pendleton, Calif., to an APO at San Francisco.

Corporal Tom Gillespie is with a Fighter Bomber squadron somewhere in England. His most recent U. S. stopping-place was South Carolina. Tom is engaged in radio work.

## "A Soldier's Dream"

Clarence G. Wormwood of Ballardvale sat in his home on March 26 reading the Boston Post. He came to Joe Harrington's "All Sorts" column, and started reading a poem entitled "A Soldier's Dream." It was a nice poem, and Clarence liked it, because he knew that it represented the dreams that his own soldier boy, Philip F. Wormwood, in the Hq. I Corps in Australia, must be having.

Clarence came to the end of the poem, and glanced at the initials: "Hq. I Corps, Australia—P. F. W."

Here's Phil's poem:

### A Soldier's Dream

It's a wonderful, wonderful, feeling  
When you're far away from home,  
To know that someone's waiting  
No matter where you roam.

Just to know a house is waiting  
With an empty room inside,  
And a bed there in the middle  
Just waiting to be tried.

How many times I've wished the chance  
To kid my little brother,  
To talk with Dad, to see once more  
The pleasant smile of Mother.

Yes, I miss it all and now I know  
How much a home is worth,  
How no other spot can equal it  
Upon this whole wide earth.

And God grant I may return to it  
When the job out here is done,  
And the freedom for the home I love  
Has forever more been won.  
Hq. I Corps, Australia P. F. W.

Bill Kelly, son of Mr. and Mrs. John Kelly of Holt road, is expected home from Florida shortly. Brother Jack is also expected home soon. Jack landed in San Francisco with Ken Sherman. Both are still awaiting orders, but the chances are that they will be given a leave.

Gordon Stedman, sergeant in a bomb squad, writes: "Now that I have settled down for awhile over here in Italy I would like more than ever before to receive your paper." We'll send it along, Gordon—but we hope you won't be "settled down in Italy" for too long.

Sgt. Fred Eldred has a new Florida address. This time it's "Kissimmee," which sounds as if it had interesting possibilities. Fred had been 125 miles further north at Williston, Florida. The people in Kissimmee "are really swell and interested in the soldiers. That is something that is very rare in Florida . . . but the people in this town like to talk with soldiers and invite them to their homes. They just seem to make you feel as though you are wanted here, which is something which helps keep up a soldier's morale."

Bill Dolan was in town this week. He's stationed in Long Island.

"Coming in Without a Propeller and a Gear" could have been sung by Lieutenant Steve Hansen of 123 1/2 Main street, in Italy recently. Steve is co-pilot of a 15th Army Air Force "Liberator" bomber. On a recent mission flak damaged his propeller governor, and soon he saw the propeller fly off into space. Flak had also pierced the hydraulic system and damaged the rudder cables, but he and his co-pilot lowered the landing gear by hand, and with all odds against them, they landed the ship safely.

T/Sgt. Fred T. Cronin is now in Santa Barbara, Calif.

Pfc. Vincent F. Stulgis and Pvt. John R. Daley are both at Farmingdale Army Air Base at Long Island, N. Y.

S/Sgt. Walter Gaily has left Camp Howze, Texas and is now at Camp Gordon, Georgia.

Pvt. John Bourdelais, who has been at Camp Belvoir, is now at Camp Reynolds, Pa.

Cpl. Rudolph Palensky has transferred from Nashville, Tenn., to Fort Jackson, South Carolina.

William Deyermund is back in action again after being wounded by shrapnel in the Bourgainville campaign early this year . . . he is a member of Co. B, 182nd Infantry, former local National Guard. Bill has been awarded the Purple Heart.

A/S Robert P. McDonald is at Dartmouth College, Hanover, N. H.

Lt. M. J. Ruhl also has an A. P. O. address at Presque Isle, Maine.

Ensign Douglas N. Howe is at Cherry Point, N. C.

S3/c John B. Leitch has left Stillwater, Oklahoma and is now at Great Lakes, Illinois.

It's now Sgt. John P. Jones. U. S. M. C.

S2/c William F. Currie has completed his process training at the Newport, R. I., training base and has been assigned to a new aircraft carrier.

Charles W. Arnold, III, has been commissioned a second lieutenant in the Marines and soon will be assigned to active duty. He enlisted in March 1942 and was assigned to recruit training at Parris Island.

## BOOKS NEEDED

There is still urgent need for books for men in the armed forces. Why not go over your books again and see if there are not some that you can spare for this worthy cause? If you haven't books to give, why not buy a few titles in the very welcome and popular Pocket Books Series? The Memorial Hall Library is serving as the collection center. If it is impossible for you to get books to the Library, call 314 and arrangements will be made for collection.

Another thank you to the association comes from Corporal Archie Davidson, located in China. He received his Christmas package on March 16 and was very much pleased with it. Archie has been reading in the Townsman all about the different boys getting their packages and how much they enjoyed them, and about all the useful articles they contained. Now he states he agrees with them! One of his "gang" remarked there was more in that one package than he received in two packages of the same size. Evidently there was quite a large gathering at the opening of the package and the candy disappeared in less time than it took to open it. He plans to run the record as soon as their victrola is fixed up.

Two local boys are completing their training today at the Naval Training station at Sampson, N. Y.: Seaman 2/c Vincent Paul Davey and Seaman 2/c Augustine Paul Sheehy.

Sgt./T. Joseph L. A. Bourdelais is now at Fort Jackson, S. C., also, having transferred from Nashville, Tenn.

Lieutenant Kenneth L. Sherman, superintendent of schools, arrived home yesterday.

First Lt. Joseph P. Holihan has graduated from the Medical Field Service School, Carlisle Barracks, Pennsylvania.

Paul A. Hood, fireman 1/c, has completed his basic training at the Submarine School, Submarine Base, in New London, Conn. . . after further experience aboard a submarine he will be qualified to wear the twin dolphin insignia, a mark of distinction throughout the Navy.

Sgt. Proctor Ransden has the important job of technician in a photography laboratory at a U. S. Ninth Air Force Marauder Station in England . . . he has the rush job of developing pictures taken during a B-26 mission.

Corp. Cecile M. Poisson, WAC, is now serving in Italy in the Peninsular Base Section, after having received training at Fort Devens and Fort Oglethorpe, Ga. Her brother, Leo H. Poisson, seaman 2/c, is at the amphibious training base in Little Creek, Va.

Major Arthur Heifetz has sent along a very nice thank-you card to the Servicemen's Fund association for the birthday greeting.

Pfc Charles H. Sanborn, Jr., in Mississippi, congratulates the committee who chose the Christmas package contents for knowing what soldiers run out of at awkward times. He says on several occasions he has had the good fortune of being able to have this box get him by.

Last year 7 points—Today only 3 points—Less than half.

whole or half.

Bring Back Those Days of Yore.

Tradition: Something that is handed down successively  
from generation to generation. Customs which have weathered  
many a storm (so to speak) of strife, disorders, wars, world  
upsets, etc. Now, what are we referring to? The old, quaint  
custom of eating eggs on Easter Sunday, of course. We all  
remember when we were growing up, the contest of seeing  
how many eggs we could eat for Easter breakfast. Truly, a  
tradition which today brings back to all of us very forcibly  
those tranquil and halcyon days. With the egg market loaded  
with surplus, the highest in years, why not, for this Easter,  
at least, plan the Easter morning breakfast which will save  
the old tradition and save the egg market from being further  
glutted?

### Make Them Good

Doing things is much easier than undoing them.

This is something that every town official must realize in the coming few years, when it is going to be very important that no appointments will be made that may become excess baggage. We've seen it many times in the past, appointments made by the selectmen, the school board, the Board of Public Works, and every other town department that they wish later they hadn't made for reasons of inefficiency or of lack of necessity.

It is easy to appoint; it is hard to fire. The school committee finds this especially true with teachers, because once they have served three years and go on tenure, it is almost impossible, legally, to dismiss them. Although there are no legal obstacles to retiring most other town employees, it is usually just as difficult as in the case of school teachers. Everybody knows of employees in the town service now, who wouldn't be allowed to continue in private service, employees whose work is poorly done, or not done at all. Sometimes, too, persons have been employed to fill temporary positions, and when the need for those positions has ceased to exist, as in the case of the W. P. A. for instance, town officials hate to let these temporary appointees out.

Either of two things has to be done. Town officials have to become hard-boiled, and serve the best interests of the town by firing as readily as they hire. Or, if that is too much, they should at least be very wary about filling positions in the appointments when renewals are up for consideration. If the first appointment is going to be a long-lived one, it must be good.

### Cozy vs. Frank

The defeat of Wendell Willkie's pledged delegates in Wisconsin is a rather shattering blow to those who had hoped that frankness in-

stead of coziness might at last have a chance in American politics. We knew Willkie was not a politician, but we had dared hope that at last someone who was not a politician might be in a position to guide our country in the important days ahead. But apparently being mysterious is the way to do it; apparently you're better off when you don't let anybody know your views on the important matters that lie ahead; apparently the thing to do is to keep quiet, get in, and then disappoint everybody later.

In fairness to the people of the United States any candidate who seeks, either actively or by a so-called draft, to win the nomination for the presidency, should state, before the nomination, his views on the very important question of how this country is going to act to other countries, politically, economically, and every other way, after the war is over. No one should be allowed to win the election just because the other fellow in the race is Franklin Roosevelt. It's too important this time.

### WEST PARISH

Miss Dorothy Davidson and Miss Frances Videto have returned from a visit with their friend, Mrs. Alfred Shea, in Pen Mar, Penn. . . . Mr. and Mrs. Roger Lewis and sons spent several days recently with relatives in Portland, Me. . . . Miss Marilyn Lewis, U. N. H., '44, is enjoying the Easter holidays at her home on Lowell street . . . Mrs. Edward Schmidt of Virginia road spent the weekend in Rutherford, N. J. . . . George Carter of Suffield, Conn., is visiting at the Carter homestead on High Plain road.

Friday, April 7, is known to the entire Christian world as "Good Friday," the commemoration of the Crucifixion of Our Lord. This sorrowful memorial marks one of the deepest points of our Christian faith and observance.

Schools will be closed, undoubtedly many business houses will close for part of the afternoon. A union Three Hour Service will be held at the South Congregational Church from twelve noon to three o'clock at which members of the local clergy will direct meditation on the Seven Last Words from the Cross.

It is within the power of the citizens of this community to make Friday either a holiday or a Holy Day. Teachers and pupils, business men and parents, all townspeople are invited to attend this United Community observance of the Passion of Christ.

Our whole world is passing from Calvary down into the "valley of the shadow." May the triumph of Christ on Easter morn assure us anew that a new world can be built on the ashes of the old. Let us follow Our Lord to Calvary and know again the joy of Easter, each in his own Church on Sunday morning.

## JUNIOR HIGH NOTES

Stella Blake, from North Reading, has entered the seventh grade.

The Junior High School reached an all-time high in the purchase of defense stamps for the month of March. 97.3% of the students bought stamps. So far in April it has been necessary to hold the first period bells for five or ten minutes to accommodate the long line of students waiting to buy defense stamps.

The results of the recreational survey held a short time ago have disclosed that the eighth grade, as a whole, is less interested in the ideas set forth in the questionnaire than the ninth grade. In the eighth grade, the affirmatives were about equally divided on preferring the times they wanted to have additional facilities on weekend evenings, or on both afternoons throughout the week and afternoons and evenings weekends. In the ninth grade, the preference was decidedly in favor of the latter suggestion. About two-thirds of the ninth grade said they would be interested in serving on a committee for planning such a program, but only about 1/2 of the eighth grade. In the ninth grade, the activities they were most interested in were dancing, swimming, and bowling. In the eighth grade, they were bowling, dancing, swimming, and basketball. This seems to indicate that there is a definite need for, and interest in, additional recreational facilities on the part of the students.

That's why, in the course of the North Station project, this last stretch of the task of measuring 3,000 women and men passengers. This scientific research is being conducted with the cooperation of Dr. E. A. Hooton, Head of the Department of Anthropology at Harvard University and the Heywood-Wakefield Company of Gardner, a seat manufacturer located in New England territory.

This is but one of the many things which the Boston and Maine is now doing, seeking to get ready for the post-war period when we plan to offer the ultimate in comfort for train travel. Many people have complained that present-day coach seats "don't fit me."

Our desire for correctness naturally led us to Dr. Hooton, the recognized authority on the physical characteristics of man. After some preliminary research he told us that before recommending the size of chair that would best fit the most passengers of the train coach of the future, he insisted on statistics. That's why we are measuring people in the North Station.

The job is nearly completed. Those women and men who have been measured to date will be able to say, after the war, "I helped design this comfortable seat!" We know it will be comfortable, too — for from the 3,000 typical measurements we're getting now we shall have data enabling us to give the great majority of our riders a coach seat that really fits!

While you put up — as you so cheerfully have — with the inconveniences which are necessary in our service during wartime, we want you to know that we aren't just "sitting tight" while we continue to move wartime freight and passengers in record-breaking volume.

We are also hard at work in our research efforts to make sure that, come the end of the war, we can offer you equipment such as you never even dreamed of — the kind of equipment predestined to make you want to continue traveling by train!

## AND, BY THE WAY —

There's still time for you to participate in this history-making project. Being measured takes only 4 minutes of your time. And most of those who have helped us tell the attendants "It's fun."

Why don't you drop in to the measuring enclosure in the North Station concourse today, or the next time you are in town, and be among the women and men who can say, "I helped design the coach seat of the future."

Incidentally, in the 4 minute measurement you will receive your exact weight and height taken scientifically at no charge.

## Andover Residents Filling Kits for Russian Relief

Russian War Relief is supplying Americans with 3,000,000 kits to fill with household necessities for Russian families starting life anew in the vast areas now being liberated from the Nazi invaders.

These kits will contain ordinary and inexpensive articles which all of us take for granted here, but which are practically non-existent in Russia's war-ruined and looted cities and villages.

Andover residents are called to share in this vital and humane undertaking by filling a kit.

A list of contents of the kits has been worked out by Russian War Relief in consultation with the Soviet Red Cross.

Kit cartons may be obtained from Mrs. Julius Rockwell, Tel. 1533. Kits filled by the following persons have already been shipped to New York: Miss Carter, Mrs. Walter Lillis, Mrs. Harvey Bacon, Mrs. R. G. Norton, Mrs. Charles Banks, Mrs. Mabel Longe, Mrs. John Moses, Mrs. Joseph Higginson, Mrs. H. P. Kitchen, Mrs. Colver Stone, Mrs. Philip Wainwright, Mrs. James Fuller, Miss Helen Chickering, Mrs. Carlton Kimball, Miss Miriam Putnam, Mrs. Julius Rockwell, and Mrs. J. J. Tavern.

### HOW TO REPAIR FRAYED ELECTRIC CORDS

1. Cut away frayed braid and crumbled inner insulation. Expose as little bare wire as possible.
2. Tape up each wire separately, using electricians' tape.
3. Then tape wires together. (Avoid using adhesive tape as it cokes and cracks quickly.)

**SIMPLE CORD REPAIRS KEEP LAMPS AND APPLIANCES WORKING**

Cords that are frayed in the middle are easy to fix, using only a knife and some electricians' tape. And by fixing them yourself, you save money and conserve a repairman's time for vital war work!

Electric cords are made of copper and rubber, both "drafted" materials, so it pays to take good care of them to make them last.

● If you need a new cord, buy one that conforms to specifications and carries approval of Underwriters' Laboratories. They give safe service for a long time.
